

**Miracle Man Is Amazing Patrons of Local Theater**

Patrons of the Torrance Theatre received the thrill of their lives with the appearance of Dr. Allistro, master psychologist. Wherever he has appeared he has created a sensation and is known throughout the world as the "Modern Miracle Man."

Dr. Allistro is appearing at various theatres throughout the country to acquaint the public with the science of "hetro suggestion," commonly referred to as psychotherapy, which is fast becoming a leading factor in the healing of the sick in European countries. The French and Italian hospitals are at the present time employing this form of treatment on a large majority of their patients, with permanent results.

Aside from the almost instant recovery from ailments, the cure is very pleasant to the patient, there being absolutely no pain during the treatment, and no after-effects.

Dr. Allistro has traveled over the world in the carrying out of his life's ambition, and has appeared before the greatest medical authorities in the United States and abroad, giving demonstrations of his work, and always with the same results.

The noted Dr. McAllister of London has recently discovered the enormous possibilities of hetro suggestion, and has lauded the work as presented by Dr. Allistro.

Dr. Charles Mayo, the world's greatest surgeon, stated in an article printed in the New York Times that 75 percent of all diseases could be positively cured by hetro suggestion. Dr. Allistro therefore has a big job ahead of him, as he is the only doctor in America at the present time performing this work.

Dr. Allistro has been at the Torrance Theatre all this week, and will appear for the last time Saturday.
